Engagement Hiring Model

No matter what engagement model you will choose to work with Aglowid, we guarantee that the development process will be effective and productive. We propose 4 major engagement models: Fixed Price, Time & Material, Mixed Mode and Dedicated Team.

	FIXED COST	TIME & MATERIAL MODEL
Cost Predictability	Clear upfront cost	Varied cost as per usage
Scope	Fixed Scope with limited changes without extra cost	More Flexible and adaptable to changes
Client Involvement	Lower involvement after initial agreement	High involvement throughout the project
Shared Risks	Provider bears risk of exceeding estimated times/materials	Client bears risk of going out of scope
Transparency	Fixed Scope & Cost Breakdown	Detailed Billing for Actual Work
Resources Required	Fixed	Varies with requirement change
Ideal for	Clearly Defined Projects	Projects with Evolving Needs

Partnership Model

The dynamic nature of IT projects requires a dynamic IT Partner that can accommodate their services in different partnership models. We at Aglowid take pride in doing exactly that with our wide range of Partnership Models available for your varying requirements in terms of commitment, project complexity and urgency.

STRATEGY CONSULTING PARTNER

- ◆ Enhance consultancy offerings with our technology solutions & industry insights.
- ◆ Drive strategic initiatives & deliver measurable business outcomes for the client.
- ◆ Empower clients to navigate the challenges, seize opportunities and achieve growth.

OFFSHORE PARTNER

- ◆ Scale operations while reducing costs and accelerating project delivery.
- ◆ Access a vast network of talent & resources by leveraging our ODC Services.
- ◆ Ensure seamless project execution and exceptional outcomes for clients.

TECHNOLOGY PARTNER

- ◆ Access cutting-edge technology solutions & development expertise.
- ◆ Enhance product offerings, accelerate innovation cycles & deliver value.
- ◆ Create transformative solutions that address market needs.

REFERRAL PARTNERSHIP

- ◆ Unlock new revenue streams by referring new clients to Aglowid IT Solutions.
- ◆ Refer & earn appealing commissions on successful referral engagements
- ◆ Expand offerings, strengthen client relationships & capitalize on the growing demand for tech solutions
